X Marks the spot

I'm sure everyone recognises a treasure map, and such a picture conjures up images of swash bucking pirates racing to get to the treasure first, so that they would have changed lives, un-imaginable wealth, power and comfort

How would we feel if we found such a map, would we drop everything and take up the quest to find the treasure? A gamble and an adventure - it would have to be worth it to leave everything behind!

"Buried treasure" is how Jesus described the Kingdom of Heaven. A man found it in a field, and so wanted to have the treasure, that he hid it again, and in his joy went and sold all he had, and bought the field. (Matt 13:44).

Well, the bible is God's treasure map, and  marks the spot!

Are you up for finding something so valuable it will transform your life?

If you would like to find this hidden treasure please do make contact via our website or telephone. With our very best wishes,

Trevor Wood 07983 110 115

Church Notices

Church meetings and activities are still suspended but hopefully back soon
